Can you draw an 8-pointed star without taking your pen off the page?  
Use the 8 dots below as the points of the stars.

# STARS IN THEIR EYES

## Solutions

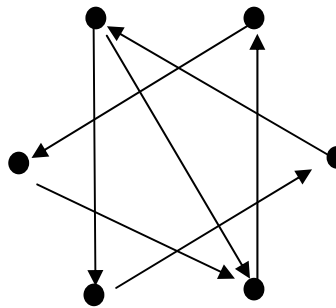

5-pointed star

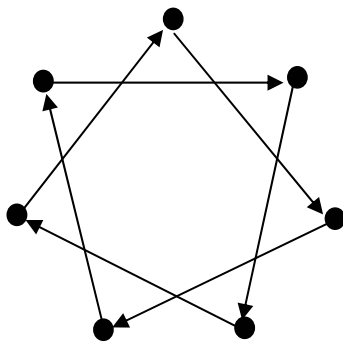

6-pointed star

It is not possible to do this one without a bit of "cheating"

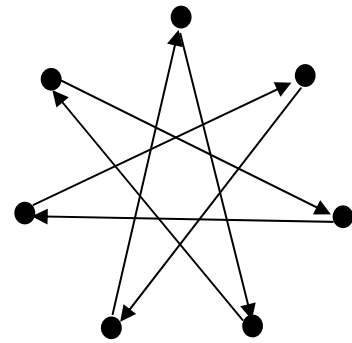

*Start at top left and draw straight down to start with. The fourth move is the "cheat".*

7-pointed star

7-pointed star

8-pointed star
