

# Maximise your Memory

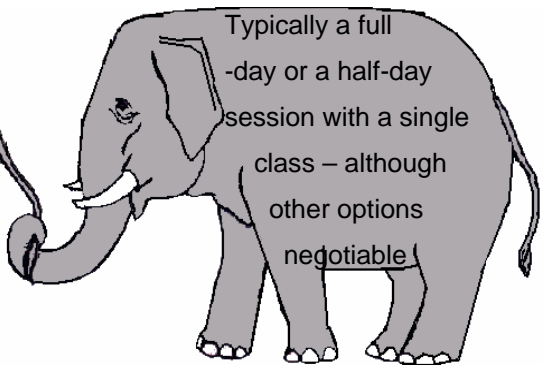

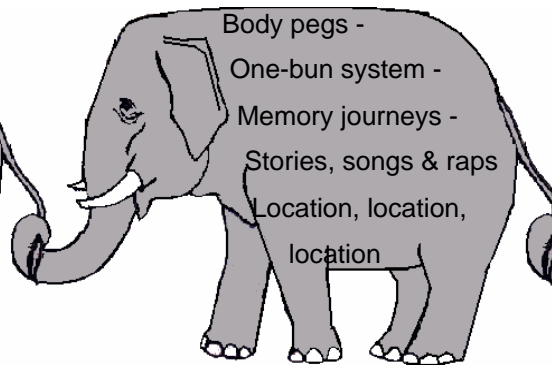

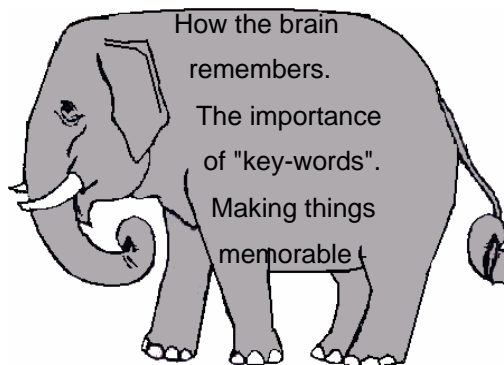

They say an elephant never forgets - but then what has an elephant got to remember? Not nearly as much as the average primary school pupil, that's for sure.

**"Part lesson,  
part games-  
show, part  
astonishing!"**

If your pupils struggle to remember what day it is, this fast-moving, practical session will keep participants on their toes as they learn, practice and demonstrate a variety of memory techniques. By the end of the day, you will be amazed at how much your pupils (and you!) can remember. Your pupils will be motivated to learn – and you will have lots of ideas about how to make future lessons more memorable.

*"It was funny and I enjoyed it and I learned loads." Marc - Y6 pupil – Hull primary school*

John Fewings' sessions on memory skills are fast becoming recognised as an effective way of building pupils' confidence and self-esteem. To find out more or to book a session:
